

# OS LED-Voeding 35W/200-700mA LP constant stroom DALI IP20

## Technische Daten

|                          |                                   |
|--------------------------|-----------------------------------|
| Regelen lichtintensiteit | Casambi<br>Drukknop dimming<br>Ja |
| Bedrijfsstroom mA (mA)   | 200-700                           |
| Lengte (mm)              | 360                               |
| Breedte (mm)             | 30                                |
| Hoogte (mm)              | 21                                |
| LxBxH (mm)               | 360x30x21                         |

| BEZEICHNUNG                                               | BEST.NR.   |
